EDUCATION

Babasaheb Bhimrao Ambedkar University (BBAU)

2023 – 2027

B.Tech in Computer Science and Engineering

CGPA: 8.63/10

Relevant Coursework: Data Structures & Algorithms, DBMS, Operating Systems, OOP, Computer Networks

TECHNICAL SKILLS

Languages: Java, JavaScript (ES6+), C, HTML5, CSS3

Frameworks: React.js, Next.js, Node.js, Express.js, Tailwind CSS

Databases: MongoDB (Atlas), MySQL

Concepts: REST APIs, JWT Authentication, CRUD Operations, OOP, Responsive Design

Tools: Git, GitHub, Postman, Vercel, VS Code

PROJECTS

Bit-Links – Scalable URL Shortener

07 Jan 2026

Next.js, Node.js, MongoDB

- Architected full-stack URL shortening service with RESTful API endpoints.
- Designed scalable MongoDB schema for persistent short-link mapping.
- Implemented validation and optimized redirection performance.
- Deployed production-ready application on Vercel.

IMDb Clone – Movie Discovery Platform

14 Jan 2026

Next.js, Clerk Auth

- Developed responsive platform with dynamic rendering.
- Integrated authentication and session management.
- Optimized database queries for improved performance.

HealthCare Support System

10 Feb 2026

Node.js, Express.js, MongoDB

- Engineered REST-based backend for patient workflows.
 - Integrated AI-powered chatbot for automated FAQs.
 - Applied secure form validation and modular architecture.
-

TECHNICAL CONTRIBUTION

- Built and deployed 4+ full-stack applications.
- Focused on Responsive Design and Clear Documentation.
- Practicing advanced DSA and system design concepts.
